

Passion Pro Wifi Installation

Please follow the below steps to install the Wifi Module on your Passion Pro:

1

Open the louver.

2

Move the middle pillar.

3

Remove the louver.

4

Remove the screw placed under the right cap.

5

Remove the screw placed under the left cap.

6

Open the top.

7

Behind the top you will find the Wifi socket.

8

Install the Wifi module as indicates the following picture.
