The **NAME** in air conditioning has...

Wi-Fi Ready

The advanced technology of the new Inventor Multi & LCAC air conditioning systems, provide the option of remote management & allows you to set your air conditioner easily from wherever you are. Install the Wi-Fi Smart Port, download for free the Invmate II application through Google Play & App Store on your Smartphone or Tablet and create ideal conditions all over your place.

R32 ECO Refrigerant

The R32 ECO Refrigerant with 68% lower global warming potential, is here to significantly enhance your air conditioner's performance and to drastically contribute to global warming protection. R32 is the main selection criteria as:

- ✓ it does not adversely affect the ozone layer
- ✓ contributes in reducing global warming effect by entrapping smaller amounts of heat (GWP = 675)
- ✓ can be easily reused and recycled

Chest & Upright Installation

The innovative design of the new Duct series, enable you to install your air conditioner whenever you want, always based on your place's requirements. Select between the chest and the upright placement and enjoy the ideal situation easily and fast.

Refers to V5MDI32-36WiFIRB / V5MDI32-50WiFIRB / V5MDI32-60WiFIRB series

Golden Fin

The ultimate protection in the indoor & outdoor units, provides anti-corrosive protection:

- ✓ extending the lifeline of the air conditioner and improving the air quality in your place
- ✓ maximizing the endurance of the outdoor unit against corrosive elements such as salty air and rain, ensuring advanced protection and performance
- ✓ reinforcing the efficiency in heating by accelerating the defrosting process
- ✓ preventing the bacteria generation and spread, allowing you to enjoy a perfectly clean and healthy atmosphere

Multi Split Systems

Air Conditioning systems that offer flexibility, maximum energy savings and high performance to satisfy even the most demanding users. Connect up to 5 indoor units with one external and create the ideal conditions you were always wanted!

360°

360° Air Outlet

Enjoy optimum comfort, anywhere in the room. 360-degree directional wind coming out from 8 instead of 4 air outlets, can deliver air evenly throughout every corner in any space. Supplying 360-degree even airflow reduces hot and cold spots in the space, providing ultimate comfort.

R32 ECO Refrigerant

The R32 ECO Refrigerant with 68% lower global warming potential, is here to significantly enhance your air conditioner performance and to drastically contribute to global warming protection. It does not adversely affect the ozone layer, contributes in reducing global warming effect by entrapping smaller amounts of heat (GWP = 675) and can be easily reused and recycled.

Static Pressure Settings

Weekly Planner Controller

- Wi-Fi Ready
- Super Slim Design
- Built-in Drain Pump
- Two Air Inlet Styles
- HM Hotel Menu
- Smart Controller
- Chest & Upright Installation
- Front Desk Control On/Off (Optional)

Golden Fin

The ultimate protection of the air conditioner, especially at areas with high humidity levels and increased corrosive possibility, such as islands and coastal areas, can now be achieved. The golden, anticorrosive coating of the outdoor unit's refrigerant, protects against salty air, rain and other corrosive elements, ensuring the effective performance of the air conditioner and the extension of its lifetime. The golden coating of the indoor unit refrigerant, thanks to its antibacterial action, allows you to enjoy a perfectly clean and healthy atmosphere!

Turbo Mode

Anti-Cold Air Function

Indoor fan speed is regulated automatically from the lowest grade to the setting grade according to the evaporator temperature when the unit starts heating operation.
